By Wednesday 28th Sept.

Nibbles provided

AGENDA

The ICF offers three credentials: ACC, PCC, and MCC. Come and join us so that together we can make the journey of accreditation a much smoother and fun ride.

1. Associate Certified Coach (ACC)

The ICF Associate Certified Coach credential is for the practiced coach with at least 100 hours of client coaching experience. There are two ways to apply for the ACC: an ACTP application and a Portfolio application. The ACTP application is only for those who have completed an entire Accredited Coach Training Program (ACTP). The Portfolio application is for all other applicants.

2. Professional Certified Coach (PCC)

The Professional Certified Coach credential is for the proven coach with at least 750 hours of client coaching experience. There are two ways to apply for the PCC: an ACTP application and a Portfolio application. The ACTP application is only for those who have completed an entire Accredited Coach Training Program (ACTP). The Portfolio application is for all other applicants.

3. Master Certified Coach (MCC)

The Master Certified Coach credential is for the expert coach with at least 2,500 hours of client coaching experience. There is a single application type for the MCC.

With a background in Accounting and Human Resource Management, Connie began her career in Business Consulting and Coaching in the early '90s. In 2006 she established “Beyond Your Now Pty Ltd”, providing business and life coaching services.

As a qualified Life Coach and Master NLP Practitioner, Connie’s services range from Executive and Leadership Coaching, Personal Coaching, Mentoring, Training & Teaching, Workshop Facilitation, Public Speaking and Certification in the Harrison Assessments System.

Connie has been a member of International Coach Federation since 2006 and is currently the President for the SA Branch.
